

## **30 Seconds Update #24**

**Thank you for praying for me (Sammy) this last week. I had a great week at the CoachNet training. It was very beneficial for me and in the way we do ministry to pastors and church planters. I now expect to see an increase of effective church planting throughout Kenya.**

**The skills I learned will help me come along side these leaders to help them be proactive about who God wants them and their churches to be.**

**I am required to coach two people within 6-months to be certified. Please pray for these people (I'm still in the process of identifying them since I'm not in Kenya) and that our sessions would be fruitful.**

**Please pray for Shannon this week as she prepares to speak at a women's mission dinner on Friday.**

**With thanksgiving,  
Sammy**
